EXPERIENCE

Freelance Consultant, Digital Marketing & Branding | *Self-Employed* | Jan 2023 - Present

- Provide end-to-end digital marketing services to small and emerging brands, covering strategy, planning, and execution.
- Lead branding initiatives to help clients define and strengthen their market identity and positioning.
- Design and implement growth strategies tailored to each client's business goals and target audience.
- Build process documentation and SOPs from the ground up, enabling clients to scale operations efficiently.
- Work directly with founders and small business owners to identify operational gaps and implement structured solutions.
- Manage multiple client engagements simultaneously, balancing marketing execution with process and strategy consulting.

Manager, Operations & Catalog | Swiggy, Bangalore | Jan 2020 - Jan 2023

- Oversaw product catalog maintenance, ensuring accuracy across product information, titles, descriptions, images, prices, and attributes.
- Managed new product onboarding and listing, optimizing categorization and searchability for enhanced customer experience.
- Defined and managed product attributes to improve search and filtering capabilities, ensuring consistency.
- Conducted regular audits and quality checks to maintain accuracy and adherence to Swiggy guidelines.
- Collaborated with cross-functional teams to develop compelling product content and drive marketing strategies.
- Conducted market research and competitive analysis to identify opportunities for assortment optimization.
- Worked closely with merchandising, creative, marketing, finance, operations, and IT teams to execute catalog-related initiatives.
- Implemented process improvements to streamline catalog management workflows and enhance efficiency.
- Managed vendor relationships to ensure timely updates and resolve catalog-related issues.
- Provided training and support to internal teams on catalog management processes and best practices.

Manager, Management Information Systems (MIS) | Zedess Pharmaceuticals, Mysore | Sep 2018 - Dec 2019

- Supervised a team of 5 MIS professionals, ensuring efficient operations and delivery of high-quality reports.
- Developed strategies for comprehensive data analysis and reporting, aligning with organizational objectives.
- Defined key company-wide metrics and identified relevant data sources to drive informed decision-making.
- Implemented and configured analytics solutions to streamline data processing and enhance reporting accuracy.
- Oversaw all analytics operations, proactively addressing discrepancies to maintain report quality and accuracy.
- Designed and implemented systems to transform raw data into actionable business insights, facilitating strategic decision-making.
- Stayed updated on industry news and trends to incorporate best practices into MIS strategies.
- Introduced SWOT analysis methodology to support the company in making informed and strategic business decisions.

Business Operations Analyst | Motorola India Pvt Ltd, Bangalore | Dec 2016 - Jul 2018

- Led a team of Operations TLs & Data Analysts, guiding them in interpreting client requirements and providing insightful analysis through regular dashboards.
- Facilitated direct client interactions to gather business needs and presented intelligent insights via scheduled daily, weekly, and monthly reports.
- Owned the design, development, and maintenance of metrics, reports, and dashboards, contributing to strategic and tactical decision-making processes.
- Conducted deep dive analysis to identify root causes of errors and monitored daily deliverables to ensure quality and efficiency.
- Collaborated in strategic and tactical planning discussions, offering valuable input based on data analysis and insights.
- Conducted training sessions for the team on new business requirements, ensuring readiness to adapt to evolving needs.
- Prepared presentations and data for senior leadership, aligning with their business objectives and preferences.
- Introduced performance dashboards to streamline processes related to incentives calculation, employee evaluation, and support function ranking, fostering organizational growth.
- Managed financial reports including incentives and overtime, contributing to cost optimization efforts.
- Implemented NPS (Net Promoter Score) tracking to support decision-making for enhancing customer satisfaction.
- Oversaw headcount forecasting activities to meet SLAs and optimize resource allocation.
- Played a key role in company road shows, representing operational insights and contributing to organizational visibility and growth initiatives.

Assistant Operations Manager | Lenovo India Pvt Ltd, Bengaluru | Oct 2014 - Dec 2016

- Managed critical escalations and supervised PAN India service centres, ensuring efficient resolution of issues.
- Successfully reduced warranty costs through strategic management initiatives.
- Oversaw multiple service centres nationwide, prioritizing quick case resolution while minimizing costs.
- Conducted training sessions for field service engineers and technical regional champions on product-related issues.
- Generated comprehensive performance analysis reports for service centres, covering cost management, inventory control, efficiency metrics, and technical training.

Senior Technical Support Associate | Lenovo India Pvt Ltd, Bengaluru | May 2014 - Oct 2014

Served as the frontline trouble-shooter, providing dedicated voice support to both internal end users and external commercial account holders nationwide, swiftly addressing technical issues and ensuring seamless user experiences across the board.

PROJECTS & ACHIEVMENTS

Warranty Fraud Prevention & Cost Control Initiative | Lenovo India Pvt Ltd | Oct 2014 - Dec 2016

- **Identified** a major process gap where service centres were raising fake in-warranty part requests and diverting the parts for resale to non-warranty customers.
- **Designed** and implemented a stringent in-warranty verification process across PAN India service centres to close this loophole.
- **Introduced** stricter checks and controls on part request approvals, significantly reducing fraudulent claims.
- **Successfully** curbed the theft and resale of warranty parts, restoring integrity to the service and parts-replacement process.
- **Delivered** millions in cost savings to the company by eliminating fraudulent warranty claims — recognized as one of the biggest individual achievements in this role.

Instamart Catalog Revamp Project | Swiggy | Jul 2022 - Dec 2022

Played a pivotal role in the transition of Suprdaily to Instamart by Swiggy, a transformative project aimed at revitalizing the brand and enhancing the customer experience. Led the initiative to build the catalog from scratch, focusing on category management, pricing strategies, and product presentation. Introduced the concept of lifestyle photography to showcase products, providing a visually appealing and engaging shopping experience that elevated the brand image and drove customer engagement.

10K selection Expansion Project | Swiggy | May 2021 - Sep 2021

Led the successful expansion of SKU selection on the Suprdaily platform, transitioning from solely food and grocery items to include non-food SKUs. Spearheaded the project from inception to execution, overcoming tight timelines and resource constraints — onboarding new SKUs, setting pricing strategies, optimizing product images, refining categorizations, and activating products on the platform. This initiative significantly broadened the platform's offerings, enhancing customer choice and driving business growth.
